Raid on Moonshiners.

In the eastern portion of this county United States Deputy Marshal William Mays and a posse of eight men made a raid on a moonshine distillery and captured Jesse Gilbert, Will Clifton and John Marion at work in the still. The still, a large copper one of sixty gallons capacity, was destroyed with 100 gallons of beer and singlings. The men were taken before J. M. Beatty, commissioner, and held to Federal Court in the sum of \$500.00 bond each. The men are all old offenders, and the still is said to have run for a long time.

The dry weather which has prevailed for some time was broken Sunday by a hard wind and rain storm and this was reported on Monday, the wind being even harder than on Sunday. Corn is blown down and tangled up considerably where it was very high, and in some places it looks as if though a roller had passed over it, laying it flat.

Wait for Dr. O. W. McIntire, dentist, to doctor your teeth. At Clay City from July 23 to 28 inclusive.

The Spoke Factory.

The Clay City Spoke Company is now buying all the split hickory spokes they can get and paying very liberal prices for same. The machinery has not yet been installed but will arrive in a few days and be installed at once.

The spokes now in greatest demand are split hickory either white or red free from knots and other defects 1 1/2 x 1 1/2 and 28 inches long. This enables the whole of any class of sound and unknotty hickory to be worked and disposed of at very fair prices, and will give employment to a number of people through the country at odd times of the year.

The plant here will give employment to a number of men and will add much to Clay City's business. Mr. J. D. Williams, the general manager, is well known to our people, having been connected with the handle factory three years ago. He is an old spoke and handle man, knows the business from a to z, and his being connected with the enterprise as one of the owners insures the business success.

If you have any hickory timber come and see Mr. Williams and he will give you specifications and prices that will interest you.

Rectifiers Will Test the Law.

The recent law enacted by the Legislature which imposes a tax of 1¢ on the gallon of rectified whiskey is not satisfactory to the rectifiers, and they have decided to test the constitutionality of the new law through the courts. Some of the rectifiers have moved their plants from the State to avoid the tax, while others will remain and fight the new law.

OBITUARY.

Dr. G. W. Ewen, son of J. R. and Eliza Ewen, was born March 10th, 1858 and died July 15th, 1906 at his home near Dundee of bright's disease. The sudden parting of all earthly ties is hard to bear, and when hearts have been firmly knit in bonds of loving companionship and closest affection it is doubly severe. His funeral was conducted at the home by R. vs. Adams and Wright, of the Christian Church, of which he had been a member 29 years. He had been a Mason 11 years and was a member of Campton I. O. O. F. of which both fraternities took part in bearing the remains to its last resting place. Dr. Ewen was a good generous big hearted man, ever ready to administer to those who were weaker than he. The widow who survives him loses a faithful and affectionate husband; the children a kind and loving parent; the community a citizen of integrity and great moral worth. May the sod rest lightly on his honest breast, and his gentle spirit bask in the sunshine of an eternal Spring.

The Blue Grass Fair.

What promises to be the best fair ever held in Kentucky will be given at Lexington the week of September 17th. Despite the loss of the State Fair, the progressive Blue Grass capital has organized an association and will give an exhibition that will be as broad in its character as any State Fair ever held in the South. It will be in name, in purpose and in reality a Blue Grass fair. It will deal with the interests which especially concern the people of the most noted agricultural region of the world. It will endeavor to advance and promote the particular industries which appeal to our people, in which their money is invested, and from which they receive returns. All arrangements are being made to make the week of September 17th the most notable week in the history of Lexington and of Central Kentucky.

Socialist Speaking.

George M. Jackson, a Socialist lecturer, will speak at Stanton today, and at Clay City tomorrow and Saturday. Speaking will be at 2 and 7 p. m. Mr.

Jackson says that socialism is the only thing that will perpetuate the Republic and save the working man from slavery. His speech at least will be worth going to hear. The Socialist party is growing very rapidly among the laboring classes, and if the present growth is maintained for a few years longer it will be an important factor in national politics.

The Farmers' Institutes.

Hubert Vreeland, Commissioner of Agriculture, intends to hold a Farmers' Institute in every county in the State this fall, beginning in September. As soon as a schedule is made up the date on which each one meets will be announced. Lecturers will be employed and a hearty cooperation is asked of the farmers. The increased appropriation of the last Legislature gives about \$30,000 a year for this important work.

We have a lot of the best paint in the world which we will sell cheap. If you buy \$5.00 worth we will sell it to you at cost.

Ellis George W. McIntosh preached at Macedonia Church, Montgomery county Saturday and Sunday.

Heavy rains accompanied by violent winds visited us both Sunday and Monday, breaking the ice which had prevailed here for some time.

Richard Lewis, son of G. W. Lewis, formerly of this place, but now of Pittsboro, Clark county, has been in Oklahoma. His father's business in success in the new state.

The little fourteen-months old daughter of Mr. J. S. Charles, born at Clay City Friday, July 29th, was a burial in a week's time when the little child turned a vessel of boiling water over its head. The remains were brought here and buried in the Siler's graveyard.

J. F. Moreland a native of Woolly Wolf Creek, near this place is here from Atlanta, Mo. visiting his aunt, Mrs. George W. McIntosh. Mr. Moreland left Estill county forty years ago and this is his first trip back to Kentucky. The limit of thirty days allowed the "Home-Comer" by the railroads was not long enough for Mr. Moreland, so he will probably remain with us until the first of September.

There is a very popular way of expressing a very frequent feeling of the present generation, who are weak in the upper story. It is a disease from various causes, but the real foundation is the want of a certain amount of common sense. A very true statement develops it in some people. A few better things on the back, a little office in which one is clothed with a little authority, is often the cause of the disease. At other times a better job than the other fellow has brings it on. The truth is, no one but the strong are very weak in the little knot they have on their shoulders can have it. It is a disease that comes with ordinary success never leaves.

ANNOUNCEMENTS.

We are authorized to announce A. E. BYRD, of Clark county, as candidate for U. S. Senator from this State, and as a member of the Democratic party.

A case of rather unusual circumstances confronts the Estill county authorities. As reported in these columns two weeks ago, John Wood, a well respected citizen of near Fox, was shot at the door of Bob Begie's white house, was away from home. As he more stated Begie, who was away from home every day at work at the lock, had been losing money and articles from his home and had set a trap for him, saying, "any one trying to enter would be shot, and in this way he expected to get the thief who had been pilfering from his house. Whether he was then with any money or not, he had lost the money. As some think, is a mystery which cannot be solved. Wood was one of Begie's best friends and Begie had no suspicion of him whatever, yet it seems to have been his intention to lay low the thief whenever it might be.

The Estill county grand jury has indicted Begie for wilful murder in this case, and the outcome is a matter of much conjecture. Had the gun killed some low down culprit that was a noted thief, nothing would have been said about it, and it does seem that if a man is allowed to be present and protect his property that he should also be allowed to arrange for protection when he is gone away, but how the law in this case will be interpreted is a matter yet to be passed upon.

Some Democrats are losing their heads and agitating the acquittal of Powers for complicity in the murder of Gobel because Hargis and Calahan Democrats have been acquitted of killing J. B. Mearns, Republican. This seems to us to be nonsense, for if Powers and Hargis are equally guilty as is believed by a majority of the people of the State, they should both be punished, but because one defeats justice, if such be the case, it is no reason why any leniency should be shown the other guilty one. The Democrats of Kentucky have not and never will endorse the Breathitt county assassins, it matters not whom they may be proven to be, and if some members of the party do, the others are not responsible, and all other assassins in the State should be punished regardless of what may be done with the Breathitt county assassins.

J. Ogden Armour of the beef trust is pleading for a square deal. If Mr. J. Ogden Armour had a

square deal, he would be spending these bright and glorious days where the dogs would not bite him. Compelling the stock raiser to sell his produce at a price fixed by the trust or take his cattle back home after he gets to market, and then compelling the consumer to pay a price that some one of the trust has to stay up all night to keep boosting, looks to the man up the tree as though just what Mr. Armour and his fellow conspirators would like to avoid would be a really square deal.

Col. Robert B. Franklin it is claimed, will announce in a few days for Governor before the Democratic primary. Senator Blackburn has decided to not enter the race. Col. Franklin gained quite a little fame in the prosecution of Powers for the murder of Gov. Gobel and this alone will add greatly to his strength.

Dr. Bertram Smith, the "Old Reliable" Powell County Dentist, will be at his Clay City office August 1st and remain one month.

Why patronize beginners when you can get the service of a Dentist of nearly 16 years experience. Clay City has another case of 16 to 1, and Byrd says 16 to 1 is not the issue this year. A word to the wise is sufficient.

Write for appointments, Box 125, Clay City, Ky.

There is nothing more provoking than an incorrect time piece. If you have a watch or clock of this kind take it to Webb, Clay City's Jeweler and silver smith, and let him fix it. All work guaranteed.

OUR BIG CLUBBING OFFER.

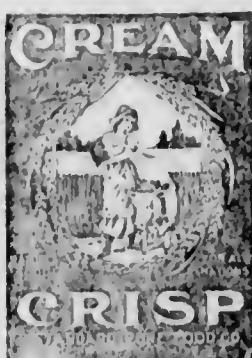

By special arrangement with the Southern Agriculturist, the popular semi-monthly farm paper of Nashville, Tenn., we are able to give our readers the advantage of a clubbing offer, which we believe is the most liberal ever made by any newspaper in the South.

In the first place, we will send the Times and Southern Agriculturist a whole year to any new or old subscriber who pays us 60c.

This great semi-monthly farm paper goes twice every month in 10,500 southern homes, and the regular price is 50 cents a year. It is edited by southern men and women to suit southern conditions, and is just what our farmers need. It answers free of charge any question a subscriber may ask, and its advice is given in a plain, practical way which any farmer can understand. All departments of farm life are covered, including delightful home and children's pages. Sample copies at this office.

Has it Occurred To you why....

So many wheat flaked foods have come and gone? Lack of quality of course. The richness that is distinctly noticeable in Cream Crisp gives it a taste quality unequalled. This accounts for growing business.

Start now and get full value for your dime. Ask your Grocer and accept no substitutes.

How are You?

Did you ever do "The Fourth," set your fingers shot off, or drink too much lemonade, or have too big a fire generally? We are always glad to see the Fourth of July come, and we are glad when three days following are past and we have recovered from the attack. It's going to be quiet in store life during July compared to the regular season, but this will look very busy compared to the ordinary days. Too many farmers coming to see us now for us to get so awfully wide. We are going to give some bargains in July, too, so that we will make now what it is to run the stock down to a healthy state. We just want have out of season goods lying around. Nearly everything in the store has a bargain price on it, and we want you to be sure and come in at least one day this month.

BEAUTIFY YOUR HOME WITH Kinloch PAINT

Important Memorandum—The paint is made of pure oil and is the best of its kind. It is the only paint that is ready to mix with linseed oil, and it is the only paint that is ready to mix with linseed oil. It is the only paint that is ready to mix with linseed oil. It is the only paint that is ready to mix with linseed oil.

A small investment in paint adds greatly to the value and beauty of your property and makes you a "good neighbor" by making a good neighborhood. Good painting is one of the best investments and pays big returns in improved values. It's a saving, not an expense. But when you paint—buy only

Kinloch HOUSE PAINT

There's one indisputable reason why, a reason every honest painter will acknowledge "The Oil is the Life of Paint," and the sure way to get good oil is to buy it fresh and pure from the dealer's barrel, not from the ready-mixed paint can. The paint that is ready to mix with linseed oil, gallon for gallon, is KINLOCH PAINT, and we recommend its use for every good reason we know.

The Elk's big fair is going on at Winchester this week and several from Powell county are attending.

Dr. W. O. McIntire, dentist, will be at Clay City to practice his profession from July 23 to 28, inclusive.

Dog days began yesterday and we didn't have any rain either, so it may be a blessing that we are now so wet.

Shelby, the little son of Mr. and Mrs. A. M. Burgher, is at a Lexington hospital very low with catarrhal fever.

Misses Oueda Littlepage and Elizabeth Mize are visiting friends and relatives at Frankfort and Lawrenceburg.

Don't forget the Democratic mass convention at Stanton Saturday. Every one has a choice, and should go and support him.

D. A. Wallace, of Irvine, was here yesterday in the interest of J. B. White, Democratic Candidate for Congress in this district.

Alice Carley, the little daughter of Mr. and Mrs. C. C. Eaton is very sick and Mr. Eaton was called home to see her the first of the week.

Chas. Scott, General Passenger Agent, has issued a directory of industries located along the Lexington & Eastern Railway, which is of much value to the patron of the road.

Prof. J. M. Spencer, president Sayree Institute for girls at Lexington was in the city Friday looking after the interest of his school, and while here secured several students, we understand.

TO CURE A COLD IN ONE DAY
Take LAXATIVE BROMO Quinine Tablets, Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

Dr. W. O. McIntire, dentist, will be in Clay City to practice his profession from July 23 to 28, inclusive. Any one needing dental work is invited to call and see him at A. E. Barnett & Son's store.

Mike Courtney we learn has decided to leave Clay City. He will put in a planing mill at Richmond, but is thinking of moving to Winchester or Lexington on account of the splendid schools in these cities.

Some Fine Peaches.

J. R. Hurst, grower of every thing good to eat in the fruit line was in town yesterday with a load of as fine peaches as we ever saw grow. What Mr. Hearst is doing in the fruit line, can be done by other citizens of the county, and there is nothing grown on the farm that is of so much value to the family as a variety of fruit, and nothing is more healthful to eat.

How They Like it at Irvine.

Perhaps a reasonable period of time has not elapsed since local opinion has been in effect to present a fair test as to the effect the town will feel. But we have observed no drunk men on the street and big court going on too. Last Saturday, show day, a pretty fair size crowd was in town; no drinking, and consequently no one dragged to jail. If this is one of the symptoms of a disease a town generally dies from, what a pity Irvine didn't catch it long ago.—Irvine Herald.

The Farmers' Blessings.

Last year's unparalleled crop seems from this year's reports to be equalled this year. The inconceivable mass of perishable wealth is almost beyond computation. The four great farm crops of corn, hay, wheat and oats, named in the order of their gross value, will probably be worth this year some \$2,750,000,000. All the gold dug in all the world in the 414 years since Columbus found the new world would buy but four such crops. The farmer indeed is king.

Twenty Year Battle.

"I was a loser in a twenty year battle with chronic piles and malignant sores until I tried Bucklen's Arnica Salve; which turned the tide, by curing both, till not a trace remains," writes A. M. Bruce, of Farmville, Va. Best for Ulcers, Cuts, Burns and Wounds. 25c at Swann-Day Lumber Co's store.

J. E. Moreland, of Allendale, Mo., who is visiting relatives in Estill county, was in the city Tuesday with Elder G. W. McIntosh. Mr. Moreland left Estill county forty years ago and this is his first trip to his native land.

Only 82 Years Old.

"I am only 82 years old and don't expect even when I get to be real old to feel that way as long as I can get Electric Bitters," says Mrs. E. H. Brunson, of Dublin, Ga. Surely there's nothing else keeps the old as young and makes the weak as strong as this grand tonic medicine. Dyspepsia, torpid liver, inflamed kidneys or chronic constipation are unknown after taking Electric Bitters a reasonable time. Guaranteed by Swann-Day Lumber Co's store. Price 50c.

If you want to always be on time keep your watch in good repair. See Webb.

In like manner Kenneth Melver, of Vaneboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. Ever since the war I have had spells of severe throbbing headache, caused by catarrh, until six years ago, I began taking Anti-Pain Pills, and only a day or two later I was free from the attack. Since then I have not had one head attack, because I take a pill and it overcomes the difficulty."—GEO. SANDERS, Greensburg, Ind.

A Mercer county citizen says: He will pay \$5 for a left-handed bean-vine—that is, one that grows around the stick to the left. He has often tried to force the vine to go the other way, but it absolutely refuses to do so.

Bain is Secretary.

George A. Bain, the most noted auctioneer of trotting horses in America, and the man who, as secretary of the Kentucky State Fair last year, achieved with this institution its first success, has been elected secretary of the big Blue Grass Fair, which will be held at Lexington the week of September 17th. After Louisville had been awarded the State Fair, Mr. Bain declined the secretaryship on the ground that he did not believe the fair could be made a success at Louisville and he did not want to be connected with a venture of this sort that is a failure. As soon as the progressive people of the Capital of the Blue Grass had organized their fair association, Mr. Bain was chosen secretary and has taken hold of affairs with the same enterprise that has made him one of the noted successes of the country as a fair secretary.

Don't waste your time and ground planting the political seeds sent out by the agricultural department of the government. Ground and labor are worth so much more than even good seed, you can afford to have the best, and you can't afford to have any other. Government seed are a disgrace to the department sending them out; one half of them will not come up and the other half won't be worth cultivating if they do. Let us get the politicians to furnish us with ground and labor, and let us furnish our own seeds.
